

Unit 6 Meet My Family

Good morning, teachers! I am No. One candidate, today I am applying for the primary school English teacher. My topic is “Meet my family”. Now let’s begin my presentation.

Good morning, boys and girls, nice to see you! How are you? I am great! Thank you! Everyone has mother and father. Do you love them? Of course! Here is a song about mother and father. Please listen carefully and then we are going to learn it. Ok, do you love this song? Yes, I love it, too. Listen to me and sing it, please! I love my father. I love my mother. They love me. They love me. I love my father. I love my mother. They love me. They love me. We have father and mother, and we also have brother, sister, grandmother, grandfather, uncle and aunt. Look, this is father. This is mother, and this is brother, sister, grandmother, grandfather, uncle, aunt. Please read after me. Father, mother, brother, sister, grandmother, grandfather, uncle and aunt. Here, let’s play a game. Each time I will take out a card, and you will guess which card is away. Ok? Ok, look, you see, which card? Right, brother! And now, which card? Good, grandfather. Ok, the last time, which card? Nice, aunt. Ok, you all did a good job.

Do you want to know my family members? Ok, look at this family tree. This is my grandfather. He is an accountant. This is my grandmother. She is a worker. This is my father. He is an engineer. This is my mother. She is a worker, too. This is my uncle. And he is a businessman. This is my aunt. She is a housewife. And this is my sister. She is a student. Now, look, this is me, I am a teacher, as you know. So how many people are there in my family? Yes, my family has eight members. You see, your uncle is your mother or father’s brother. And your aunt is your mother or father’s sister.

So here we are going to listen to the song again, and sing it together. We can change “I love my father. I love my mother.” into “I love my parents or I love my family.” So let’s sing it together. I love my parents. I love my family. They love me. They love me. I love my parents. I love my family. They love me. They love me.

Listen to the part “Let’s talk” carefully. Now you should read it after the tape. Now I will give you several minutes to practice the dialogue and you should firstly find a partner. Ok, finish? Who’d like to have a try to perform the dialogue for us? Ok, Lucy and Han Meimei, please! Very good! You did a good job! Pay attention to the pronunciation “uncle, aunt”. Thank you! Go back to your seats!

And here, look at this picture. How many apples are there on the tree? You can count. One, two, three, four, ...fifteen, there are fifteen apples on the tree. Nice! But how many apples are there under the tree? Good, there are nice apples under the tree. Do you like eating apples? Yes, I like eating apples, too. We can say an apple a day keeps the doctor away. So you should eat apples every day.

Here, I will give you several minutes to draw your family tree and then ask several classmates about their family members, who is he/she? And what’s his/her father/mother? And write down on your paper. Then give us a report in front of the class. Do you understand? Good, go on! Ok, time is up. Who’d like to have a try? Good, Tom, please! Come here! Yes, Tom asks five classmates: Lucy, Lily, Li Lei, Han Meimei, Jim. And he tells us about the family members of the five students. Nice job!

Here, please listen to the “read and write” part and write the words. Ok, who’d like to come here and write them down on the blackboard? Sherry, please! Is she right? Yes, we all agree with her. Go back to your seat! And the last part “write and say”, let’s do it together, father, mother, brother, sister, good!

Ok, Wang Fang, how many members are there in your family? Ok, your family has five members. Your father, mother, brother, sister and you. And what’s your father? Ok, your father is a doctor. Good! Sit down! So we love our father and mother, they are our parents and they love us, too.

Today, after school, you should sing the song we learned today to your parents and draw a family tree about your family, then, write the English words next to it and show your parents.

Ok, time is up. Today’s class is over, see you next time!

That’s all for my presentation, thank for your attention!
